Key Features

1 Built-In Ice Maker

Delivers freshly chilled iced coffee with every order, no external ice source needed.

2 High-Capacity Brewing System

Holds 180 cups and 1.5 kg of coffee beans with 6 ingredient canisters for a wide range of drink options.

3 Fast 60-Second Dispensing

Serves Italian espresso, milk coffee, or instant drinks in under a minute, perfect for busy locations.

4 Swiss Professional Grinder

Uses a 64 mm precision grinder for smooth, aromatic coffee with consistent quality.

5 Interactive 22” Touchscreen

Provides an easy-to-use menu and doubles as a multimedia display for ads and promotions.

6 Automatic Cleaning & Maintenance

Features a one-touch cleaning cycle to keep the system hygienic and ready for continuous use.
